APPLICATION DEADLINE

Fulbright Teaching Excellence and Achievement (Fulbright TEA) Program Application

The Fulbright Teaching Excellence and Achievement (TEA) Program will bring approximately 168 international secondary-level teachers of English, English as a Foreign Language, math, science, and social studies, including special education teachers in those subjects, to the United States for a six-week program in January 2022 or September 2022 to take academic seminars for professional development at a host university and to observe and share their expertise with teachers and students at the host university and at local secondary schools.

Fulbright TEA provides general academic seminars focusing on new teaching methodologies, student-centered learning, content-based instruction, lesson planning, and instructional technology training for teachers. Intensive English language instruction will be offered to teachers who need additional practice. The program will also include a practicum of at least 40 hours with a U.S. partner teacher in a secondary school near the host university to actively engage participants in the U.S. classroom environment. Cultural enrichment, mentoring, and support will be provided to participants throughout the program. The program will provide participants with practical resources they can use in their teaching, as well as skills to train trainers.

After returning home, teachers who successfully complete the program will be eligible to compete for small grant awards for essential teaching materials, follow-on training for other teachers, collaborative projects between participating American schools and their home schools, and other activities that build on the exchange experience.
