The U.S. Embassy's Health Unit compiled the following list of health care providers approved by the Regional Medical Officer. This list is not meant to be exhaustive or definitive nor does it represent either a guarantee of competence or endorsement by the Department of State or the American Embassy. It does indicate that the American community has utilized them in the past. Retention on this list depends upon a combination of factors including availability, training, and positive assistance in previous consultations, etc. Patient input, both positive and negative, regarding experience with local health care providers, is always welcome and provides additional information to assist in expanding or contracting the list. There are many excellent practitioners in Panama not on this list. The Health Unit provides a questionnaire to assist you in reporting your experiences.

Post Medical Advisor (PMA): Dr. Rafael A. Restrepo  
Alternate PMA: Dr. Jose R. Mendez
